**Possibility of Cancellation**

- We recognize that it may become necessary to cancel this trip either due to vendors being closed due to health restrictions or MVCSC deciding to call for the cancellation of the trip. Refund details are included below for both scenarios. A determination for cancellation would be made no later than 61 days prior to the start of the trip (April 8, 2021).
- **If trip is cancelled due to vendors being closed**
  - With insurance purchased
    - \$2080.25 (estimated from \$2299 trip cost; 90.5% of trip cost)
  - Without insurance purchased
    - \$1424.25 (estimated from \$2299 trip cost; 62% of trip cost)
  - *Please note that a cancellation of this type would be considered an emergency situation and the trip organization company (Grueninger) would work to recover as much as possible even beyond the terms of the contracted group cancellation terms, so the total refunded amount would likely be higher.*

- **If trip is cancelled due to MVCSC decision**

- If the trip is cancelled by MV 90 – 61 days prior to departure, the refund would be 50% of the trip cost (\$1,149.50).
- If a traveler purchased insurance, then they could make a claim with Travel Insured International for up to 75% of their non-refundable portion.
  - For example, based on student pricing:
    - Trip cost \$2,299
    - Refund from Grueninger \$1,149.50
    - Pending claim amount \$862.12
    - Total possible refund \$2,011.62
