Re: Non-Renewal of Cary Hargis' Administrator Contract

Due to costs savings potential to the school corporation, I am asking that you consider non-renewal of Cary Hargis' administrative contract. The Facilities Coordinator position for MVCSC will be reclassified as a classified staff position and we will post and interview for that position this spring.

Mr. Hargis has received appropriate notification of my request.

Mr. Hargis has done a good job for our school corporation and my request is only due to cost savings measures. Mr. Hargis will be offered a teaching position commensurate with his certifications.
