The reason the below High School addendum is needed. On April 23, 2020 a course fee spreadsheet (Course Fee Template for Dept. Chairs 202-21) was sent out to all department chairs asking them to review and update on their respective tabs by Friday, May 8. The course fees for the High Tech Academy were inadvertently entered on a separate spreadsheet and thus were not included on the Course Fee Template for Dept. Chairs 20-21 which was shared with Mr. Shipley for board approval.
