Re: Technology Surplus Items

The Mt. Vernon Technology Team has determined the following items have reached the end of its typical life cycle and/or have become damaged, therefore, are no longer needed for school purposes. All items have been removed from the classroom and/or school use. I am recommending the following technology equipment be declared surplus.

- 11 Laser printers
- 1 Scanner
- 48 Computers
- 2 Document Cameras
- 1 Laptop
- 36 Chromebook broken screens
- 31 monitors
- 30 projectors
- 60 iPads
- 25 monitor stands
- 1 Cisco Wireless Access Point
- 2 TV's
- 2 TV cart
- 1 EVO cart
- 6 Speakers
- 20 hard drives

I, Joy Mills, the Auditorium Director, declare these items to be salvaged as they are of no longer use to our updated wireless system or meet the legal requirements for live performances.

- 4 Shure Wireless Receiver Units (J1 Band) in Gator Case
- red soundboard overhanging light (unsafe)
