SECTION II

JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES, AND/OR EARLY BUS REPLACEMENT

justification for additional bus purchases, transportation services, and/or early bus replacement

1. Pursuant to IC 20-40-18-9(2)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation.

(Attach additional sheets if necessary.) The district would like to purchase one additional bus for 2022 in excess of last year's total of 5 new buses. 4 new buses would be 88 passenger transit, one new would be 66 passenger with special needs accommodations. 6 buses are being purchased for 2022. The additional bus would be one more special needs bus added to the fleet. Increasing enrollment and increasing special education transportation needs justify the need for the one additional bus. The corporation's request for excess levy, with supporting documentation, specifically to address increasing transportation costs, was approved for the 2021 budget year.

2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need.

(Attach additional sheets if necessary.) Not applicable.
