Re: ERate Recommendation

The Mt. Vernon Community School Corporation received three proposals to our E-Rate Category 2 Equipment proposal for Mt. Comfort Elementary School. Summary of the proposal is attached listing the recommendation of network equipment to be replaced. After reviewing and evaluating the proposals and completion of the E-Rate matrix, I am recommending acceptance of the Logicalis bid for \$54,606.58. Logicalis has been awarded projects in the past and has been an exceptional company to work with for the last several years.

The Mt. Vernon E-Rate team reviewed this submission along with all other proposals as it reviewed competitive proposals. We are committed to following the rules of E-Rate with a competitive, open, and fair bidding process.

Mt. Vernon Community School Corporation 2021-22 discount rate is 60% for Category 1 and Category 2. Once we have received all equipment, Mt. Vernon's financial portion/invoice will be 40% or \$21,842.63 of the total cost of the equipment.
