

MVCSC Communications Report

School Board of Trustees Meeting

I2-2024

GREAT NEWS IN THE DISTRICT

School Accolades & Notable Activities

- Congratulations to Dr. Parker for being selected as the 2024 recipient of the Candice Dodson EdTech Trailblazer Award through the Indiana Chapter of CoSN, which is the Consortium for School Networking.
- Dr. Parker, in collaboration with Ratio Design, presented at the National EdSpaces Conference, highlighting how learning spaces can be designed to support and enhance innovative learning practices.
- All MVHS students enrolled in the Criminal Justice program recently received their Law Enforcement Academy Jail Officer Certification and three second-year students achieved their International Academies of Emergency Dispatch certification.
- FES created a delicious gingerbread replica of the town of Fortville using their STEAM skills (Science, Technology, Engineer, Art, and Math). Local business owners shared details about their companies with students, who then completed a report on their assigned business. The students also created graham cracker and icing models of the businesses, which were assembled to replicate the Town of Fortville.
- MVCSC hosted the annual Holiday Open House with near-record attendance. Visitors had a chance to win a door prize and enjoy a tasty treat with staff and retirees. We would like to thank our wonderful vendors who donated prizes and supported our staff!
- MVMS 8th-grade students completed the Walk on Water project. This hands-on initiative combined creativity, teamwork, and problem-solving skills as students designed and built devices to help one team member try to “walk” with the device across a pool.
- Congratulations to the select 7th, 8th and 9th grade band students who represented MV and participated in the Indiana Bandmasters Association All-Region Honor Band at New Castle High School.
- Congratulations also to MVHS senior Andrew Boldt for being recognized as a student-athlete with exceptional servanthood efforts.

Community Connections

- The MES choir and MVMS band participated and filled the McCordsville tree lighting ceremony with festive holiday music.
- The MCE Student Council is currently partnering with PTO and collecting items and making essential toiletry kits for families in need at the Ronald McDonald House.
- The NJHS 8th-grade students at MVMS organized a school-wide food drive to support the Fortville community. As an incentive, the top donating classes were rewarded with a donut party. Demonstrating remarkable generosity, MVMS students contributed over 37 boxes of canned food to the Fortville Area Resource Mission (FARM). Additionally, MVCSC Ambassadors conducted their own food drive, further supporting FARM with additional food donations.

- Dr. Parker hosted a “Traveling Talks” session at McCordsville’s Coffee at the Crossing, providing community members with an opportunity to enjoy breakfast while engaging in meaningful conversations.
